

They're Stealing Our Stuff**'Little Green Men From Spaceship' Give Family In Kentucky Night Of Terror**

Hopkinsville, Ky. (UP) — A Kentucky family near the town of Hopkinsville yesterday with reports of a visit from a "spaceship with little green men" aboard.

Cecil Sutton, his family and several relatives said they were up all night fending off the little men who glowed with an inner illumination while climbing trees and crawling about the roof of his home.

Hundreds of neighbors and curiosity seekers thronged the Suttons' yard and the neighboring fields yesterday and some returned last night to see if the spacemen come again.

Kentucky State police and local sheriff's officers who investigated the weird reports from the Sutton home six miles north of here were unable to find any trace of the "space visitors."

"That is because they used lights all over the place."

Sutton said, "you can't see them except in the dark."

When the spacemen returned, Mrs. Sutton said, "That's what I'm skitted by about. They might be back."

The Suttons told this tale of the nightmarish visit:

About 7:30 Sunday evening, Bill Taylor, a visiting relative, went to a well near the home and came back to the house excitedly talking of a "spaceship" in a nearby field.

A few minutes later, "a little green man" approached the house. "He was about 3 feet tall, with eyes like saucers and set about 6 inches apart, with hands like claws and glowing all over," Sutton said.

About five feet from the door of the house he stopped and retreated when the Suttons fired a shotgun off into the air.

BUT SOON HE returned again, and the Suttons fired

at him. He fell down from the roof and then ran off into the woods.

Later many of the men returned and climbed about the trees and on the roof of the house which the beleaguered Suttons watched furtively.

After about three hours, the Suttons ran for their car and went into Hopkinsville to call the sheriff.

Deputy George Batts and two state troopers failed to find any clues to the visit during a thorough search of the grounds, but after they left the Suttons said the little men were still there and remained until dawn.

The police officers said there definitely was no one drinking at the Sutton home Sunday night.

Seven adults and three children were in the home during the reported visit from outer space.
